MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Office of Personnel Report - Week Ending 6 February 1970

1. Recruitment:

a. We are continuing to receive leads, resumes and opportunities to interview personnel who have received RIF notices from other Government agencies. Of particular interest is a DIA project that apparently is cutting back and, thus, Photo Interpreters are being made available for other jobs.

b. The write-in applicant cases are continuing at a rate of approximately 200 per week. From these cases we have been able to get some good applicants, including a limited number in the physics/math and scientific areas.

2. Cooperative Education: [REDACTED] trip to the University of South Florida resulted in six co-op candidates being interviewed. He gave HHS's to three of the group.

3. Military Strength Reduction: In the month of February 1970 the number of Air Force officers remaining in the Career Training Program will be reduced from twenty-one to seventeen. These four losses will occur through separation of those officers completing their two-year active service commitment. They will be converted to civilian staff status with the Agency.
